Lest We Forget...

Theresa Gramlich, a lay person, responded: "If Father Oschwald wants me to go, I will" and thus began her missioning experience. By the end of the year 1866—1867 she had already been sent to teach the children of St. Mary's in Clarks Mills, Maple Grove and Pine Grove. Thus began her missioning experience.

About this time each year, mission assignments for the coming year are being worked on. Given this is our 150th Anniversary Year, this issue of Heritage Happenings focuses on all the places where we've said "Yes, I will go". Please notify this writer if any place is missing, incorrect, whatever. Your help is appreciated!
